Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Tuesday 16 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mostly dry and warm with sunny spells.

Today:
A largely dry and cloudy start with sunny intervals for the southern and eastern parts of the region. Some light rain arriving over Devon which soon eases with clear spells to follow. Feeling warm under sunshine although breezy. Maximum temperature 16 deg C (61 deg F).

Tonight:
Dry evening and night with long lived clear spells across the region. Clouds developing in the far east overnight and in the north at dawn. A cool and breezy night. Minimum temperature 4 deg C (39 deg F).

Wednesday:
Dry on Wednesday with early morning fog and low clouds clearing quickly and bright spells following across the region. Clouds building in the east during the evening. Feeling mild. Maximum temperature 14 deg C (57 deg F).

Outlook for Thursday to Saturday:
Largely dry and cloudy on Thursday with bright spells and light showers in the afternoon. Mostly cloudy with light showers for Friday. Drier and cloudy on Saturday. Mild, turning colder.
